Appointment agreement

Providing outstanding care to our patients is important. It is essential that you keep your reserved appointment. Effective immediately any reservation of appointment that is not confirmed 48 business hours in advance from scheduled appointment date, will be released and gifted to another patient in need. Failure to notify within the 48-business hour notice prevents us from providing timely care to all our patients and can result in a minimum broken appointment charge of \$50.00 per scheduled appointment hour. If you miss two reserved appointments, you may be dismissed from the practice.

As a courtesy we offer appointment reminders by email, text, and phone calls. Please provide your most up-to-date contact information to make sure that you can be reminded of your scheduled reserved time with your dental provider.
